

The SAGE Legacy Fellowship Workshops & Meeting Dates for 2018-2019 Program

Your Legacy Fellowship includes a one-day retreat, nine evening workshops and a closing dinner. You will prepare an action plan in the first three workshops, and share ideas and progress in the remaining six. At each workshop, you will learn from your coach and work in small groups to complete short exercises and help others overcome obstacles. Below is a summary of the curriculum. The retreat is all day and the Wednesday workshops are from 6:30 to 8:30 p.m.

Fellowship launch (Oct. 20) – What is your gift? View yourself as a transformative problem-solver guided by strategy and inspired by heart. Begin to identify a project that inspires you, builds on your strengths and reflects your highest goal and priorities.

Workshop 1 (Nov. 7) – Chart your path. Frame the need you want to address, determine the scope and scale of your project, assess strategies and learn traits of effective project management. View your work as connected to a larger, more dynamic system.

Workshop 2 (Nov. 28) – Vet your project and frame of view. Present your project idea to peer fellows. Gain feedback on your need statement, strategies and success measures.

Workshop 3 (Dec. 19) – Build your capacity. Identify sources of energy, leverage peer and community support, and focus on skills like concentrating energy and motivating volunteers.

Workshop 4 (Jan. 16) – Hold your vision. Turn breakdowns into breakthroughs. Map out solutions to keep to your core mission.

Workshop 5 (Feb. 13) – Redesign your personal paradigm when leading. Gain feedback on project implementation. Affirm the leadership qualities that will make you successful.

Workshop 6 (Mar. 13) – Take the initiative. Share experiences from trial and error, learn from obstacles and push through barriers.

Workshop 7 (Apr. 17) – Clarify and affirm your implementing priorities. Reaffirm your highest goal, and declare your core values, guiding principles and leadership priorities.

Workshop 8 (May 15) – Move others to action. Clarify your near-term steps to achieve project goals or milestones. Forge linkages to long-term community programs or causes.

Workshop 9 (Jun. 5) – Lead and influence others. Share your successes and lessons learned. Carry lessons forward to support new leaders. Remain involved in Fellowship network.

Closing ceremony and dinner (Jun. 20). Celebrate your accomplishments with peers, business partners, friends, family and other volunteers. Deliver short presentations on project impacts.
