

Climate Careers in Action

FOR MIDDLE SCHOOL STUDENTS

Join us online on **Wednesday, April 28 from 10:30 to 11:30 a.m.**

Learn about climate careers in our region to build a brighter future!

Learn about our region's Climate Action Plan and careers where people develop solutions that reduce greenhouse gas emissions in buildings, transportation, and more.

Meet inspirational speakers who will share their climate-related careers and hands-on learning activities to lead your own climate solution at home or in your neighborhood.

Find out about internships, community service projects, and continuing education in high school to get more involved and to help achieve our 2030 climate goals.

Register Here: [insert GoogleMeet](#)

This event is offered in partnership with Vision 2030, a collaborative initiative facilitated by the nonprofit organization SAGE. Special thanks to our partners and event promoters!
