SAGE is happy to customize a sponsorship proposal based on your needs and priorities.

* SAGE and Portland Public Schools will co-present a monthly and online Climate Careers Speaker Series for high school students during the school year. SAGE is also working with individual schools to offer in-person Climate Solutions Fairs. These activities are undertaken in partnership with Portland Public Schools. Wherever possible, SAGE will ask PPS for permission to feature your logo on slide shows (virtual events) and posters (in-person events).

How will the sponsorship funds be used?

The Vision 2030 Team is a collaborative initiative to teach middle and high school students in Clackamas, Multnomah, and Washington counties about climate solutions. This program year, SAGE will use 80% of the sponsorship funds to coordinate the Vision 2030 Team events and activities. SAGE will re-gift 20% of sponsorship funds to the Fund for Portland Public Schools (another public charity) to support climate justice efforts within Portland Public Schools.
