

TIPS FOR TEST DRIVING ELECTRIC CARS

Do you want to know what it feels like to drive an electric vehicle? **Take one for a spin!**

See the list below for opportunities to test drive vehicles in our region. Here's more good news:

- ✓ Dealers allow you to test drive a vehicle on your own and almost anytime they are open
- ✓ Dealers offer contact-less test drives – meaning you can schedule a test drive from the comfort of your home, show up and test drive a car that has been sanitized by the dealer
- ✓ Some dealers will bring a vehicle to your home within a 20-mile radius so you can test drive it
- ✓ For most dealers, you can schedule a drive by going to their website, selecting the vehicle you want to drive, and then by clicking the test drive button

This list is in alphabetical order by vehicle model with no hierarchy in terms of preference.

Vehicle?	Where to go?
Audi E-tron <ul style="list-style-type: none"> ● Sportback ● Q4 ● GT 	Dealer: Beaverton Audi, www.audibeaverton.com 13745 SW Tualatin Valley Highway, Beaverton, OR 97005 (503) 718-6100
