

## What is *your* gift?

**SAGE inspires people over fifty to give forward with their time, money and voice so that younger and future generations can thrive.**

SAGE is a community of advocates who believe in generational equity – the principle that each generation should improve the quality of life for the next.

People over fifty have energy, wisdom and resources that are vital to the well-being of our communities. Through discussions, workshops, fellowships, and teams, we inspire and support older adults in leading the way. If you believe each generation should improve conditions for the next, we invite you to get involved with SAGE.

## SAGE offers three ways to inspire people to give forward:

### Raise awareness about challenges facing the future, and solutions

**Socials, Lunch & Learns and Focus Groups** prompt discussion about challenges facing younger and future generations, and ways to make a difference.

**Visiting SAGE Speakers** inspire us to make the world a better place.

**Traveling SAGE** offers a presentation on the major challenges facing coming generations and success stories.

### Advance leadership and innovation to take on these challenges

**Workshops** offer opportunities for learning, networking and collaborative problem solving.

**Legacy Fellowships** provide leadership training, guidance and expert support over a nine-month period to help individuals and teams launch innovative service projects.

**Action Teams** engage people and organizations to pursue a common cause together. SAGE currently sponsors four teams that focus on the health of our democracy, climate education, mentoring, and electric vehicles.

### Connect people to resources and service opportunities to make a difference

**Community Resource Connectors** offer personalized advice to find meaningful service and advocacy roles for you.

**Online StoryTree** highlights personal stories of service and advocacy.

**E-Newsletter** features events, advocacy tips and exciting opportunities to volunteer with nonprofits.
