

## Invitation to Serve as a Climate Solutions Fair Volunteer

Are you concerned about climate change? Do you enjoy working with middle school students? Would you enjoy helping students engage in a hands-on learning experience?

If so, we encourage you to join us as a Vision 2030 Climate Solutions Fair Volunteer to inform students about our region's 2030 climate goal, the solutions in our region's Climate Action Plan, relevant workforce opportunities, and to facilitate hands-on learning experiences for students.

### We are looking for people who:

- Relate easily and enjoy working with middle school students;
- Are comfortable sharing a short explanation about an exhibit with students who briefly visit several exhibits during the fair (we provide the information you can share);
- Can help at one or more of our fairs at local Portland Middle Schools (half-day or full day shifts available):
  - Friday, April 11, 2025, at Robert Gray Middle in SW Portland
  - Friday, April 18, 2025, at Harriet Tubman Middle in N Portland
  - Friday, April 25, 2025, at Roseway Height Middle in NE Portland
  - Thursday, May 15, 2025, at Parkrose Middle in NE Portland

Interested in volunteering at the Climate Solutions Fairs? Email [Britt@WeAreSage.org](mailto:Britt@WeAreSage.org)  
We look forward to connecting with you!

- ✓ How we support you. We provide an orientation to the Vision 2030 Team and closely review your role at the Climate Solutions Fair.

SAGE's Vision 2030 Team includes students, teachers, volunteers and nonprofit and governmental organizations who support a local, place-based approach to educate middle and high school students about our region's efforts to reduce greenhouse gas emissions 50 percent from 1990 levels by 2030. Learn more about our efforts at [WeAreSage.org/Vision2030](https://WeAreSage.org/Vision2030).
