for Generational Equity

Bring SAGE To Your Community

Inspire. Connect. Give Forward.

Who we are

Helping people over fifty create a better future through service, advocacy, and connection.

SAGE inspires people over fifty to give forward so that younger and future generations can thrive. We believe older adults have an important role to play in creating positive change and stronger communities. We also work across generations—because the future needs all of us.

We offer no-cost presentations, discussions, and workshops for adults of all ages. Programs can be tailored to your interests and delivered online or in homes, businesses, and community settings.

Talks To Inspire

Inspiration for Giving Forward (20–60 min)

Explore challenges facing future generations and discover practical ways to make a difference.

Working Across Generations (20–60 min)

Learn how connections across generations strengthen communities and create positive change.

Workshops To Connect

Community Conversations (2 hrs)

Share stories, explore concerns, and discover meaningful service opportunities.

Community Engagement (1–2 hrs)

Learn about the health benefits of community engagement and create a personal plan for involvement.

Giving Forward (2–3 hrs)

Create a personal roadmap for giving, serving, and advocating for future generations.
