Volunteering with SAGE

Welcome!

SAGE inspires people over fifty to give forward with their time, money, and voice so that younger and future generations can thrive.

People over fifty bring valuable energy, wisdom, and resources. Through conversations, learning opportunities, and community action, we help people turn their experience and passion into meaningful impact. We also bring people together across generations—because the future needs all of us.

If you believe each generation should improve conditions for the next, we invite you to get involved as a SAGE volunteer.

SAGE Volunteer Opportunities

We offer a range of roles with flexible time commitments. You could meet new friends at our events, host a presentation or discussion, or join our creative projects.

Here are a few examples of volunteer opportunities:

- **Host a SAGE Presentation or Conversation.** We have many different talks and discussion topics. Share stories, explore concerns, and ways to make a difference.
- **Serve as a SAGE Greeter.** Welcome guests to our events, help them feel included, and thank them for coming.
- **Help with a project.** We work with volunteers who offer knowledge and expertise about social causes, communications, fundraising and much more.

Opportunities in the Community

There are many ways to volunteer and make a difference.

At SAGE, we connect people to a range of opportunities to give forward—some we help directly, and others we promote as part of a broader community of organizations working to strengthen future generations.

Here are a few examples:

- **SAGE's Citizen Project volunteers** host presentations that encourage civil dialogue, reduce polarization, and promote collaborative problem-solving.
- **SAGE's Emerging Leaders** are early-career volunteers who develop and promote SAGE events that support intergenerational connections.
- **Our Future Vision 2050** volunteers facilitate lessons and exhibits about climate solutions and workforce opportunities at schools in Portland.
- **School-based tutors and mentors** support elementary and middle school students in literacy and math in Portland, Bend, and other regions.

Get Started

Connect with a community of thoughtful, engaged people who are using their experience and talents to strengthen the future for generations to come.

"I very much enjoyed brainstorming volunteerism with like-minded Boomers. Maybe we will change the world after all."

– Vici Wolff

Ready to learn more?

Join an upcoming SAGE Welcome gathering or contact us to learn more about opportunities near you. When we connect, we can learn more about your interests and how you would like to get involved. Scan the QR code or contact us by phone or email.
